

TALK SPEECH

24 January 1958

## MEMORANDUM FOR THE DIRECTOR:

1. This memorandum is for information only:
2. Ideas for your consideration for inclusion in 3 February talk "The Soviet Challenge":
  - (1.) Soviets increase disruptive activity in Latin and South America. Underground preaches against the United States, stirs up unrest and trouble; opposes existing governments.
  - (2.) Offers trade and diplomatic relations so as to Sovietize the South American countries.
  - (3.) Is active through the sports field, thru cultural and economic fields.
  - (4.) Appeal to people in South America is being based in part on "national communism" rather than on "communism" so as to make the appeal more attractive to nationalists.
  - (5.) The Soviet challenge is of many faces and guises. While Soviet Union uses soothing syrup in Latin and South America it is giving stern warnings to Denmark and Norway that because Russia says so they must not permit the establishment of missile bases in their own countries. Finland and Sweden are also told by the USSR their security and sovereign rights are affected if Denmark and Norway permit storing nuclear warheads in their countries.
